JAGUAR AUTOMATION

Jaguar Automation Equipment Co. ha sede a Shenzhen ed è una delle aziende cinesi più conosciute e affidabili per la sua presenza sul mercato mondiale da oltre 15 anni. Realizza prodotti di qualità, tecnologicamente avanzati in grado di soddisfare tutte le esigenze nel campo della produzione elettronica. Cabelpiù Electronics è il distributore esclusivo in Italia e garantisce l'assistenza tecnica e la gestione dei ricambi. Jaguar Automation produce 5 modelli di saldatrici ad onda per produzioni Lead Free con diverse configurazioni personalizzabili.

JAGUAR AUTOMATION

N200 Wave solder Hot Air Lead-Free

- Flux Injection Mode: Flux Spray
- Flux Capacity: Max 3.2L
- Automatic Self-clean of Spray Nozzle
- No. of Preheater: Bottom 1
- Length of Preheater: 500mm
- Preheating Mode: Hot Air
- Solder Pot Material: 4mm 316 stainless steel
- Solder Wave Mode: Dual Wave
- Solder Pot Capacity: 180kgs
- PCB Width: 50-200mm
- PC control
- Dimension: 2100*1200*1600mm

N250 Wave solder Hot Air Lead-Free

- Flux Injection Mode: Flux Spray
- Flux Capacity: Max 3.5L
- Automatic Self-clean of Spray Nozzle
- No. of Preheater: Bottom 2
- Length of Preheater: 800mm
- Preheating Mode: Hot Air
- Solder Pot Material: 4mm 316 stainless steel
- Solder Wave Mode: Dual Wave
- Solder Pot Capacity: 220kgs
- PCB Width: 50-250mm
- PC control
- Dimension: 2500*1200*1600mm

JAGUAR AUTOMATION

N300 Wave solder Hot Air Lead-Free

- Flux Injection Mode: Flux Spray
- Flux Capacity: Max 5,2L
- Automatic Self-clean of Spray Nozzle
- No. of Preheater: Bottom 3
- Length of Preheater: 1450mm
- Preheating Mode: Hot Air
- Solder Pot Material: 4mm 316 stainless steel
- Solder Wave Mode: Dual Wave
- Solder Pot Capacity: 280kgs
- PCB Width: 50-300mm
- PC control
- Dimension: 3600*1250*1650mm

N350 Wave solder Hot Air Lead-Free

- Flux Injection Mode: Flux Spray
- Flux Capacity: Max 6.5L
- Automatic Self-clean of Spray Nozzle
- No. of Preheater: Bottom 3
- Length of Preheater: 1600mm
- Preheating Mode: Hot Air
- Solder Pot Material: 4mm 316 stainless steel
- Solder Wave Mode: Dual Wave
- Solder Pot Capacity: 320kgs
- PCB Width: 50-350mm
- PC control
- Dimension: 3900*1420*1750mm

JAGUAR AUTOMATION

N450 Wave solder Hot Air Lead-Free

- Flux Injection Mode: Flux Spray
- Flux Capacity: Max 6,5L
- Automatic Self-clean of Spray Nozzle
- No. of Preheater: Bottom 4
- Length of Preheater: 2000mm
- Preheating Mode: Hot Air
- Solder Pot Material: 4mm 316 stainless steel
- Solder Wave Mode: Dual Wave
- Solder Pot Capacity: 320kgs
- PCB Width: 50-350mm
- PC control
- Dimension: 4500*1420*1750mm
